TRANSPLANTING INFORMATION

The figures 2-1, 2-2, shown above, represent the number of years the trees have been in seed beds, the number of years in transplant beds and the number of times transplanted. The first figure indicates the number of years the trees remained in the seed bed before being transplanted. The second figure indicates the number of years the trees

Douglas Fir

remained in the transplant bed. The total of the figures indicates the age of the tree and each dash represents one transplanting. Thus, a 2-2 Red Pine is a 4-year old tree which remained in the seed bed two years, was transplanted, and remained in the transplant bed two years.

PLANT HANDSOME CHRISTMAS TREES

for
Extra Profits
only
pennies a tree

Christmas Tree growing and selling has become one of the most profitable enterprises . . . with the demand increasing year after year. With hardly any labor or land cultivation necessary, you can easily increase your income several hundred to several thousand dollars every Christmas season. Western Maine's Guaranteed-To-Live Trees can be grown successfully on as little as an acre of waste or marginal land . . . to yield from 3000 to 4000 handsome, sturdy Christmas Trees. Your only cost — of pennies a tree — will bring you a gross profit of better than 500% over your cost price. More than 30 million Christmas Trees are sold every season . . . at a sale price of at least \$1 to \$5 a tree. Take advantage of this highly profitable opportunity today. **WRITE NOW** for your **FREE CHRISTMAS TREE BULLETIN** and learn how you can start this lucrative enterprise for just pennies!

NOW-PLANT 1,000 TREES A DAY WITH THIS RUGGED SPADE

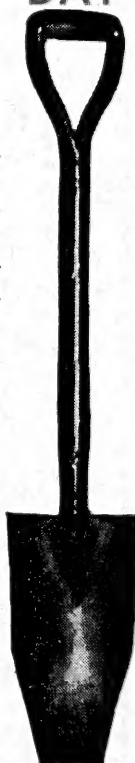

Only \$8.50 each

This professionally designed planting tool is the one we use at our Nursery in Fryeburg. An able man can easily plant at least 1,000 trees a day with it. Each tool has just the proper weight and balance for every planting job. It is sturdily constructed to last for several years. Order several right away at this **LOW SPRING PRICE**. They'll save you many hours of planting time!

The illustrations at left show the proper planting technique. (Also see photo). Insert spade straight into the ground. Pull handle back and push forward to form opening for the tree back of spade. Spread out the roots. Close opening by stamping the soil with heel.

Tool is shipped F.O.B. FRYEBURG unless otherwise specified.

Proper planting technique: First man with trees in left hand and shovel in right is ready to make the hole. Second man is inserting shovel straight into the ground. Third man has inserted shovel and has handle pushed ahead, forming opening for tree back of shovel. Fourth man, while keeping shovel pushed ahead with his foot, has taken on tree from the bundle carried in his right hand and is putting it in hole. Fifth man has removed shovel and is closing opening by stamping each side with his heel. On cleared land such as shown here, one trained man can easily plant 1000 trees a day.

GROWERS OF EVERGREEN TREES

Fryeburg, Maine

Tree Growing Time
Spring 1956

Dear Friend and Tree Grower:

Grow Evergreens that are hardy and healthy from the start--the finest Evergreens that not only cost you less but are Guaranteed To Live!

Of course, they're Evergreens from Western Maine--grown in one of the most modern nurseries where soil and weather conditions contribute to their extra sturdiness. No wonder more than three million scientifically cultivated Evergreens are sold every year to our tree-growing friends all over the Country--Evergreens GUARANTEED TO LIVE according to our written guarantee.

How can we make such a liberal guarantee? From our twenty-nine years' experience in the nursery business, we have succeeded in developing an exclusive CONTROLLED PLANTING TECHNIQUE which assures you of receiving the healthiest stock possible. Seed and transplant are coddled by our nursery folk until the day your Evergreens are shipped to you PROTECTED IN SPHAGNUM MOSS. When your Evergreens arrive, they're extra healthy, hardy and colorful. Only Evergreens with thick branches and strong fibrous roots go to our customers. Those which do not pass our careful inspection are discarded.

Prove to yourself why Western Maine Evergreens are preferred by thousands of tree growers. Our wholesale prices are the lowest anywhere. No matter how much more you spend, you couldn't buy healthier or better quality stock. Why then pay more when you can buy no finer!

SPECIAL NOTICE ON CHRISTMAS TREE FARMING

Demand for Christmas Trees has more than doubled in the past few years. Take advantage of this profitable enterprise--Christmas Tree Farming! With practically no cultivation necessary, you can grow from 1000 to 3000 Western Maine Christmas Trees on as little as an acre of waste or marginal land. When you send in your regular order, ask for your FREE COPY of our Christmas Tree Bulletin. It's described in the Spring Wholesale Folder enclosed.

Right now, reserve the Evergreens you want for spring planting before our supply is exhausted. Select the amounts and varieties from the Wholesale Folder. Please give second and third choices on the order form and mail with remittance in the handy return envelope provided. If you wish, send only one-half the amount and we'll ship C.O.D. for the balance.

Don't delay! Although we grow MILLIONS of Evergreens, our supply at these LOW WHOLESALE PRICES won't last long. Order today. As soon as the frost leaves the ground, we'll ship your transplanted, GUARANTEED TO LIVE Evergreens--ready to establish themselves quickly on your land. Satisfaction Guaranteed.

Sincerely yours,

Harry Eastman
